

Freestanding Double Door Combi - Freezer Side

KWN 2400 XN

FEATURES

- **Forbedret ismaskine** med vanddispenser
- VitaminCare+
- 35 dBA
- LED Lys

VitaminCare+ grøntsagsskuffe

Blombergs VitaminCare+ grøntsagsskuffe har en nyskabende trefarvet lysteknologi, som efterligner naturligt sollys. Denne teknologi bevarer vitaminerne i frugt og grøntsager, så de kan holde sig friske i længere tid, og du kan smide mindre ud.

Forbedret ismaskine inde i skabet

Den nye, forbedrede ismaskine fra Blomberg er flyttet fra døren til ind i selve fryseskabet. Maskinen kan lave op til 2 kg is om dagen og er meget støjsvag sammenlignet med lignende produkter.

Holiday Mode

For at reducere energiforbruget, når du er på ferie, kan du sætte køledelen i ferietilstand. Så fortsætter fryseren med at fungere som normalt, imens køledelen lader temperaturen stige til omkring 15 grader (dette varierer fra model til model). Dette er velegnet, når køledelen er tømt for temperaturfølsomt indhold, imens du er på ferie.

Quick Cool

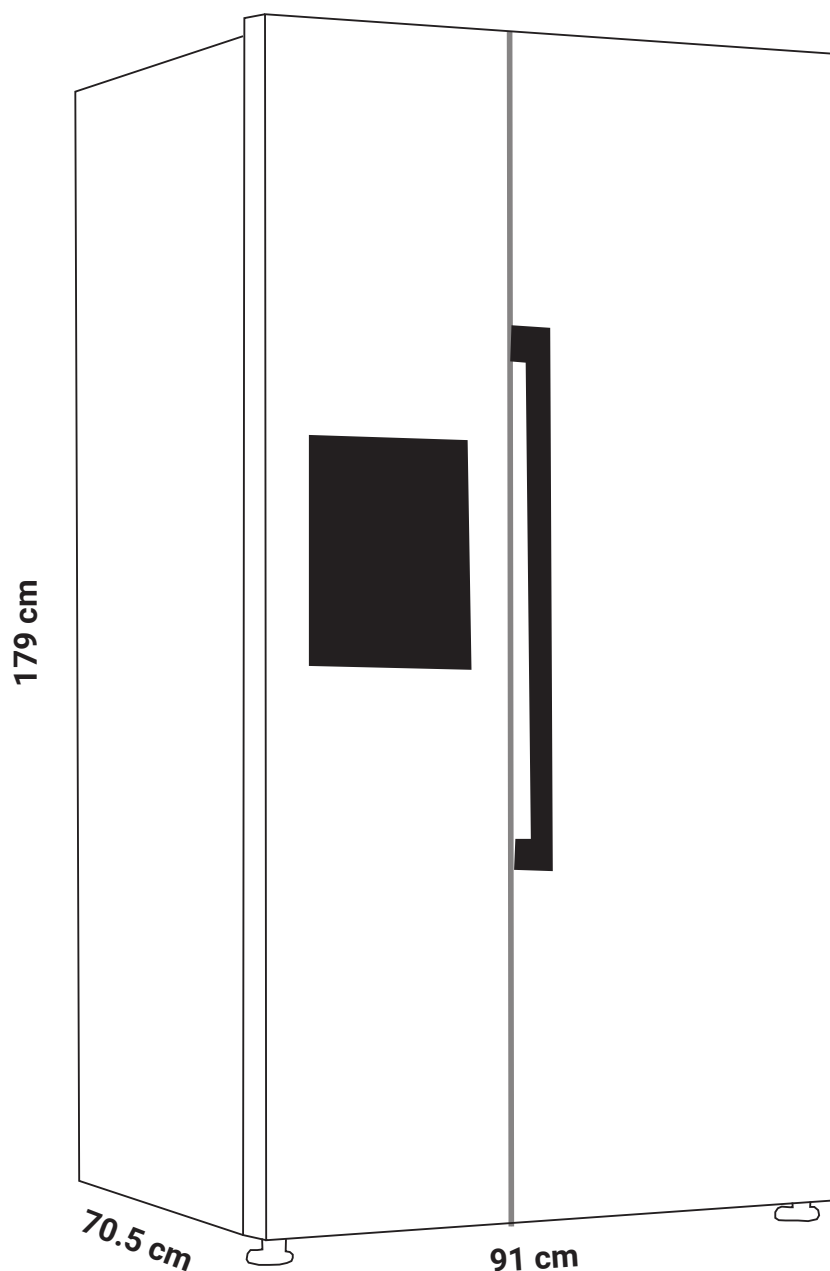

Funktionerne til hurtig nedkøling gør det muligt hurtigt at øge og gendanne temperaturniveauet i køleskabet efter at have anbragt store mængder af friske fødevarer indeni.

GENERAL

Type	Freestanding Double Door Combi - Freezer Side
Total Volum	571 liters
Capacity Fridge	368 liters
Capacity Freezer	203 liters
Color	Manhattan Gray
Freezer Position	Freezer Side
Cooling System Type	No Frost
Electronic Display	Electronic display on door
Control System	Electronic
Display	Yes
Display Type	7 Segment - LED
Light	LED
Door Opening Direction	-
Reversible Door	-
Sliding Hinge (Built In Products)	NA
Open Door Alarm	Yes
Quick Cool	Yes
Quick Freeze	Yes
Eco Mode	No
Holiday Mode	Yes
VitaminCare+	Yes
Dairy Compartment	Yes
Freezer Defense	
Ice Maker Type	No
Glas Shelves	Glass-All standard
Wine Rack Type	No

PERFORMANCE AND TECHNICAL INFORMATION

Energy Efficiency Class	E
Noiselevel	35 dBA
Noiselevel Class	B
Climat Class	SN-T
Dimensions (HxWxD)	179 x 91 x 70.5 cm
Plug Type	European
Cable Lenght	2.20 m
Daily Freezing Capacity	13 kilograms
Energy Consumption (kWh/annum)	331.40
Refrigerant	R600a
Refrigerant Charge (kg)	0.06

Your product requires adequate air circulation to function efficiently. If the product will be placed in an alcove, remember to leave at least 5 cm clearance between the product and the ceiling, rear wall and the side walls. Check if the rear wall clearance protection component is present at its location (if provided with the product). If the component is not available, or if it is lost or fallen, position the product so that at least 5 cm clearance shall be left between the rear surface of the product and the wall of the room. The clearance at the rear is important for efficient operation of the product.

- Place the product on a flat surface to avoid vibration.
- Place the product at least 30 cm away from the heater, stove and similar sources of heat and at least 5 cm away from electric ovens.
- Do not expose the product to direct sunlight or keep it in damp environments.
- Your product requires adequate air circulation to function efficiently. If the product will be placed in an alcove, remember to leave at least 5 cm clearance between the product and the ceiling, rear wall and the side walls. at least 5 cm
