Skuffe til kød og mejeriprodukter

Ved at holde temperaturen lige over frysepunktet bevares en optimal luftfugtighed. Kød, fisk og mælkeprodukter bevares al deres smag, friske udseende og næringsindhold i længere tid.

Vin/flaske holder

Opbevaring af flasker til køling kan være pladskrævende og medføre risiko for, at flaskerne ikke ligger stabilt. En vinhylde er tilpasset flaskens form, så den holder sig stabil og med nem adgang. Hylde fungerer også godt til sodavandsflasker eller andre flasker.

Stor Kapacitet

Til trods for at ydermålene er det samme på de fleste skabe, kan der være store forskelle på indretning samt hvor godt pladsen er udnyttet. At skabe mest mulig plads uden at gå på kompromis med isolering og dermed energiforbrug, er en kunst. Blombergs skabe designs altid med henblik på funktionalitet og optimal udnyttelse af pladsen så du kan opbevare flest mulige madvare.
